### Notification Description (Including Extent, Purpose / Reason, and Effect on Form, Fit and Function)

This PCN is a formal notification that US Digital is discontinuing the following product:

[MD2S](#)

As part of our on-going product lifecycle management process, we have identified products that will be transitioned to an “End-of-Life” status. Products targeted for end-of-life may be available for a last time buy option prior to being made obsolete, however quantities are limited and special requirements may apply.

If you have any questions or concerns about this PCN, please contact our Technical Support Group at 360-397-9999 or email [support@usdigital.com](mailto:support@usdigital.com).

### Alternate Parts (as applicable)

The drop in replacement for the MD2S is the [MD3](#). The MD3 has an integrated motion controller that is capable of driving size 14 to 42 stepper motors. The MD3 is easily configured and controlled using the open MODBUS RTU protocol over a RS485 bus, utilizing the free downloadable software <https://www.usdigital.com/support/software/md3-software>.

### Effective Date (Including Last Time Buy Date and Conditions, as applicable)

Date of last order acceptance: Until current inventory is depleted. Date for last shipments: Will also be based on depletion of existing inventory (All purchase orders are non-cancelable and non-returnable).
